OPEN QUESTIONS

What were the main strengths of the training event?

- It was quite suitable to encourage peer learning for students
- Helped understand ways to cope with motivation problems.
- A very good collaboration of students and teachers
- To get all partners closer, to know school and educational system and experience the European educational community through specific activities.

- 
- To know school and educational system
 - To get all partners close
 - To experience European educational community through specific activities.
 - All the activities were closely related to the project topic - after-school clubs. The students and teachers were actively involved in all workshops and enjoyed them very much.
 - All activities were related to the project activities. Interesting and useful for students and teachers.
 - Very well organized project activities for all participants

- 
- Learners were involved in the activities at all levels.
 - It gave the teachers the opportunity to get to know different aspects regarding the success of instruction and how to tackle motivation problems of learners.
 - The participants were able to get new perspectives on how to view the difference in cultures, etc.

What were the main weaknesses of the training event?

- None/ no weaknesses (6 answers)
- We will need perhaps more time to work out more properly and complete together actions of the program which we dealt with.
- We will need perhaps more time to work out more properly and complete together actions of the project.

Any suggestions for improvement?

- Should keep the interaction at all stages of project period.
- No need for improvement
- We don't have suggestions for improvement. We hope to stay in our interest for the project.
- We hope to keep our interest in the project.
- Time management (a bit) - but flexibility in time change was perfect.
- Time management in the discussion activities.
- No
- For further improvements, we might choose to keep the contact between not only the teachers and the learners, and to track their development. Satisfied with what has already been achieved, it might also be worthy to maintain an attitude, thinking that there is always a need for development.

The end
